

AMENDMENT NO.01 APPROVED ON 2017-03-27

SLS 1504-1: 2015 ELECTRIC CABLES – LOW VOLTAGE ENERGY CABLES OF RATED VOLTAGES UP TO AND INCLUDING 450/750 V (U0/U) - PART 1 : GENERAL REQUIREMENTS

Add the below to the existing National Forward.

National Appendix

1. Packaging

The cable shall be wound on reels or drums, or supplied in coils, packed and labeled. The minimum diameter of the reel, drum or coil shall not be less than twenty times the diameter of the cable.

Package

The label on the packed reel, drum or coil shall contain the following information:

- a) Name of manufacture and trade mark;
- b) Nominal dimensions of the conductor of the cable;
- c) Type of cable and voltage rating;
- d) Number of cores;
- e) Core colours; and
- f) Length of cable contained in reel, drum or coil.
