Salvadoran Technical Regulation (RTS) 35.01.03:23, Information technology. Electronic signatures. Requirements for implementing the guarantee or action plan of certification service providers or electronic document storage service providers •••See below table 001 Description: Description: On 17 April 2023, the Government of the Republic of El Salvador notified, in document G/TBT/N/SLV/226, draft Salvadoran Technical Regulation RTS 35.01.03:23, Information technology. Electronic signatures. Requirements for implementing the guarantee or action plan of certification service providers or electronic document storage service providers. That draft regulation established "the procedure for implementing the guarantee or action plan relating to compensation for damages in the event of infringements by certification service providers or electronic document storage service providers. It applies to all public or private legal persons accredited as a provider of certification services or a provider of electronic document storage services at the national level." El Salvador hereby notifies WTO Members that this Addendum is being issued to extend the validity of the regulation for an indefinite period, as there is an ongoing need for a technical regulation that sets out the procedure for implementing the guarantee or action plan relating to compensation for damages in event of infringements by certification service providers or electronic document storage service providers, as required by law (Electronic Signature Law, Art. 43(d)(3)). Salvadoran Technical Regulation RTS 13.05.01:18 Water. Waste water. Waste water quality parameters for discharge and management of waste sludge •••See below table 001 Description: On 19 December 2018, the Government of El Salvador notified, in document G/TBT/N/SLV/204, draft Salvadoran Technical Regulation RTS 13.05.01:18: Water. Waste water. Waste water quality parameters for discharge and management of waste sludge. That draft regulation established "the permissible limits for quality parameters for waste water and waste water sludge prior to final disposal as well as technical mechanisms and procedures for their management, and it contributes to the recovery, protection and sustainable use of water resources". The RTS applies to any activity, work or project involving waste water management prior to disposal into a receiving environment, as well as the management of waste water sludge, regardless of origin or destination, within the national territory. The RTS does not apply to individual treatment systems for ordinary waste water with soil infiltration, or for waste water from vessels under the MARPOL Convention. The purpose of this Addendum is to notify WTO Members that the content of this Salvadoran Technical Regulation has been updated, and they will therefore have a period of 60 days from the date of this notification to submit comments and observations.
